Research Assistants Needed

for Summer 2019

The **Alcohol Cognitions Lab** is recruiting undergraduate research assistants to run participants in studies involving alcohol intoxication, decision making, ecological momentary assessment (EMA), and event-related potentials (ERPs).

Participation involves:

- Interacting with participants and assisting with lab tasks
- Attending weekly lab meetings
- Opportunities to learn about graduate school and career opportunities in psychology and related fields
- Earn Psych 2950 or 4950 credit
