

## BRIEF THERAPY FOR STRESS RELATED TO COVID-19

\*\*\*FREE TO ADULTS, CHILDREN, & FAMILIES IN BOONE CO\*\*\*

The MU Psychological Services Clinic is offering **Skills for Psychological Recovery** (SPR) to help individuals and families in Boone County cope with anxiety and stress related to the Covid-19 crisis.

### Who can get these services?

- **Anyone in Boone County stressed by COVID-19 issues** – healthcare workers, essential workers, educators, people dealing with COVID-related layoffs or work changes, parents, children and teens.
- SPR is appropriate for **all ages and** for people from **different cultures** and backgrounds.
- SPR is not intended to treat more chronic mental health problems.

### What is involved?

- Clients will meet with therapists by **video** for **1-5 sessions**.
- **Coping skills** include problem-solving, positive activities scheduling, managing reactions, helpful thinking, and building healthy social connections.
- Research shows that skills-building is more effective than supportive counseling. SPR aims to help **recovery from stress, support good adjustment**, and **minimize negative coping** behaviors.

### Who provides these services?

- Psychological Services Clinic staff clinicians and licensed mental health providers.

### What is the cost?

- Due to the generosity of donors, these services are available at **no-cost to clients**.

### How do I receive these services?
