

Research Assistants Needed

For Fall 2018

The **Alcohol, Health, and Behavior Lab** is recruiting undergraduate research assistants to help code studies for a systematic review on alcohol use disorder (AUD).

Participation involves:

- Training in: (a) AUD etiology and theory, (b) coding systematic reviews, and (c) coding review quality
- Attendance at a weekly lab meeting
- Coding systematic reviews
- Opportunities to learn about graduate school, careers in psychology, and other professional development opportunities

Earn 3 credit hours of Psych 2950 (9 weekly hours required). Students willing to consider two consecutive semesters are preferred.
