

# Research Assistants Needed for Summer 2019

- The Peer Relations Lab is seeking RAs to assist with a project examining adolescents' physiological reactivity during problem disclosure with friends.
- RAs will gain experience in:
  - Applying physiological sensors to participants
  - Transcribing and coding observational data
  - Editing physiological data
  - Data entry
  - Participant recruitment

*Interested applicants should email the following information to Sarah Borowski ([sborowski@mail.missouri.edu](mailto:sborowski@mail.missouri.edu)):*

1. Major, GPA, and academic year
2. Summer availability (are you taking classes? working?)
3. A list of psychology classes taken and/or any research experiences.
