Emergency Procedures
Call 911
For all fire, medical and police emergencies.

For more information, visit Environmental Health and Safety web site at <http://ehs.missouri.edu/other/er/>

For university emergency information visit <http://mualert.missouri.edu/>

In all emergencies it is important to remain calm and follow these steps:

FIRE

1. Activate fire alarm.
2. From a safe location call 911.
3. Give the nature and location of the fire.
4. Evacuate the building and help individuals needing assistance.
5. Use a fire extinguisher if trained to do so.
6. Meet responding emergency personnel.
7. Notify Campus facilities.
8. Report to your supervisor.

TORNADO

If Indoors:

1. Move away from windows and into the basement or interior hallway on a lower floor.
2. Avoid auditoriums, gymnasiums, or other areas having wide, open spaces.
3. Take cover under heavy furniture.

If Outdoors:

1. Lie flat in the nearest depression, such as a ditch or ravine.
2. If there is time, move away from the path of the tornado at a right angle.

EARTHQUAKE

1. If indoors, stay near the center of the building.
2. Take cover under sturdy furniture (e.g. desks) or in doorways, halls or against inside walls.
3. Stay away from glass window or doors; be alert for falling debris
4. Persons outdoors should stay in the open, away from buildings and structures, and a safe distance from utility wires.
5. After tremors have stopped, stay away from damaged buildings and structures.

Emergency Procedure continued...

MEDICAL EMERGENCY

1. Call for ambulance (911).
2. Do not move the individual unless there is an imminent hazard.
3. Meet responding emergency personnel.
4. Notify appropriate supervisors.

BIOLOGICAL, CHEMICAL OR RADIATION EMERGENCY

1. Call 911
2. Meet responding emergency personnel.
3. Inform emergency and medical personnel about the specific hazard.
4. Contact Environmental Health and Safety(**EHS**) 882-7018

Release of these materials:

1. Take action to contain release if it is possible to do so safely. Close doors and windows.
2. Evacuate area to the extent appropriate.
3. Assemble all personnel in nearby safe area until released hazards can be assessed.
4. Warn fellow workers and supervisors. Control access to release area and post warning signs.
5. After imminent hazards are addressed, prevent the spread of contamination. If possible, turn off air equipment that might spread contamination.
6. Contact Environmental Health and Safety (**EHS**) 882-7018
7. Decontamination shall be performed in consultation with **EHS**

UPDATING YOUR CAMPUS INFORMATION
