Research Assistants Needed
for Spring 2017

The Alcohol Cognitions Lab is recruiting undergraduate research assistants to run participants in studies on alcohol intoxication, decision making, and risky behaviors.

Participation involves:
- Interacting with participants and assisting with lab tasks
- Attending weekly lab meetings
- Opportunities to learn about graduate school and career opportunities in psychology and related fields
- Earn Psych 2950 or 4950 credit (min 2 credits/6 weekly hrs req)
